I. Precautions before Use

1. This production is suitable for use in non-tropic areas below 2,000 meters, and the mark  in the nameplate indicates the product is suitable for use in non-tropic areas.
2. Prevent the AIO PC from falling or being strongly impacted otherwise.
3. Do not use it for long periods of time in any environment where the air is too cold, too hot(>35°C), too humid or with too much dust. Do not expose the Laptop to direct sunlight.
4. Avoid using it in a strong magnetic or strong static environment as much as possible.
5. Once any water or other liquid splashes onto the AIO PC, turn off the device immediately, do not use it and contact support
6. Do not clean the AIO PC with any detergent containing chemical elements or other liquid to avoid causing damage due to corrosion and becoming damp. If cleaning is necessary, clean it with dry soft cloth tissue paper.
7. Our company shall not bear responsibilities for loss or deletion of material inside the machine caused due to abnormal software, hardware operation, maintenance, or any other accident.

8. Please be sure to back up any important material regularly to avoid any loss.

9. Please do not disassemble the AIO PC by yourself; this will void the warranty.

10. Quick Use Guide and the relevant software shall be updated at any time. If anything is found to be inconsistent with the Quick Use Guide, the material object shall prevail.

II. Appearance and Definitions

2.4G Wireless Keyboard
and Mouse

III. Descriptions of Ports

Port 1-Power On/Off

Port 9-HDMI In

Port 2-DC 19V In

Port 10-Headphone 3.5mm

Port 3-7-USB 3.0

Port 11-TF Card Slot

IV. Introduction to Desktop

1. Windows Desktop

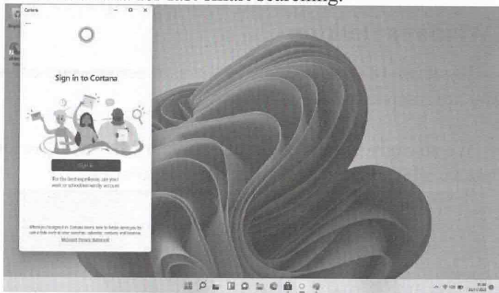

Windows 11 start image: On the start screen, you can see many programs fixed to the taskbar.

We strongly suggest logging into your Microsoft Account to enable all the features Windows 11 has to offer.

2. Cortana

Use Cortana for fast smart searching.

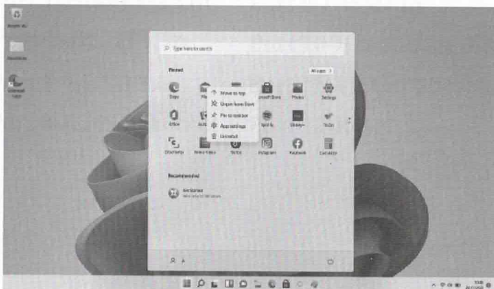

3. Introduction to Programs

Besides the application programs already fixed on the Taskbar, you can also fix other applications, programs, and folders to the Start Button/Taskbar.

3.1. If you want to pin more programs on the start interface, see the operation in the image below.

In the start menu, right-click the application you want to pin and select "Pin to Start". You can also drag the application onto the "start" screen, as follows:

Conversely, if you want to cancel or delete a certain application in the start screen,

Right-Click the application,
Click the "Unpin from Start"

3.2. If you want to have more programs on the task bar, click the start menu, Right-Click the application, select more and 'Pin to taskbar'

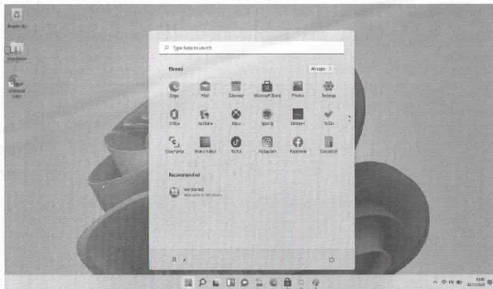

Conversely, if you want to cancel or delete a certain application in the task bar

Right-Click the application,
Click the "Unpin this program from task bar".

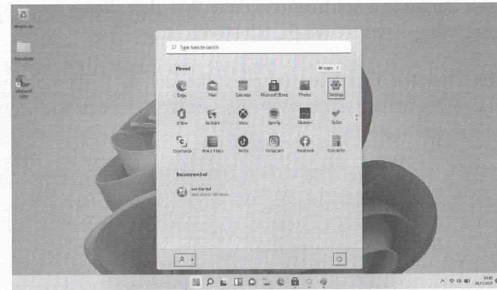

4. Start Menu

Start icon, Start Menu will display including: Start, Device, Setup, Share, and Search Program.

5. Multitasking interface

Power, Settings and Account.

Can Change account setting/Lock/Sign out.

Can let you set up the Table PC.

Can Sleep/Shut down/Restart the Laptop

Search menu

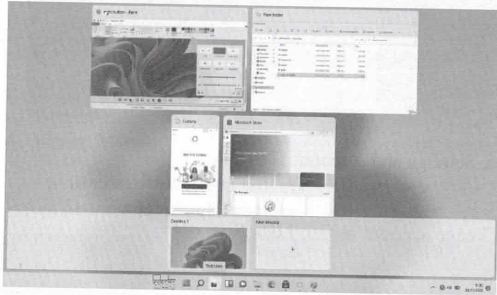

Action Center

Action Center is a notification center that also allows for quick settings such as Wi-Fi, Bluetooth etc.

If you Click the Task View (or press the icon ), the running applications will be display. We can switch between and close different applications.

V. Basic Operations

1.Sleep, Shut down and Restart

VI. 2.4Ghz Wireless Keyboard and Mouse

2.4Ghz Wireless Adapter

Your Fusion5 Wireless Keyboard and Mouse requires the USB adaptor to be connected to the device.

This USB Adaptor is included under the keyboard backside. Please see images below highlighting the USB Adaptor Location.

Battery Installation

Keyboard

Open the keyboard cover as per the images below, insert 1x AAA Batteries into the Keyboard. Make sure to pay close attention to the correct orientation of the batteries.

Mouse

Open the cover on the bottom of the mouse and insert 1x AA Batteries.

(Notes: Battery 1x AA, 1xAAA are included in accessory)

Connecting to your AIO PC

Firstly, Connect USB Adaptor to your AIO PC.

The keyboard and mouse will automatically detect the USB Adaptor and connect. Please make sure the Keyboard and Mouse indicator lights are on.

Turn the Mouse on by using the switch on the bottom of the mouse, allow a moment for the mouse to automatically detect the USB adaptor and connect.

VII. FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
